

# BARGAINING BULLETIN

TEA/TUSD exchanged proposals April 18, 2011.

The TEA Bargaining Team has serious concerns with the District's initial proposals.

The District approach is to eliminate vs. collaborate.

### TEA Bargaining Team **Goals:**

Ensure that, through our agreements, employee morale and working conditions are improved.

Ensure that the District recognizes that the learning environment directly impacts student achievement.

Ensure that the District recognizes that eliminating does not equal streamlining.

Ensure that the District recognizes that our agreements are board policy and procedure.
